Thank you for your interest!

Our hope is that this initiative will help bring community support and resources to people who are on their journey to get out of poverty. It is intended for people who are highly motivated and want to seek and maintain full time employment.

Each participant will set goals in the areas of budgeting, educational training, friends and other things that are important in their lives. Participants will work toward meeting these goals with the support of volunteers from our community.

Hard work, communication, Captainship training and meeting attendance are required. Joining Thriving Connections means that you are willing to do whatever it takes to move to a place where you have enough resources and friends in your life to feel successful.

SCCAP Thriving Connections Initiative
Captain Job Description

The Captain has three primary goals:

1. Create life changes that lead to permanent self-sufficiency
2. Develop your unique gifts and Captainship skills to lead the team, contribute to the Thriving Connections initiative, and give back to the community
3. Use your experience of poverty and leading your family to self-sufficiency to advocate within the community for changes in the systems barriers that keep poverty in place

The Captain commitment:

• Complete Thriving Connections orientation
• Complete 18-20 week Thriving Connections poverty training
• Commit to be part of the Thriving Connections initiative for 18 months or more
• Attend Thriving Connections community meetings that include dinner and youth programming with other Captains and allies
• Find ways to actively contribute to the Thriving Connections initiative and give back to the broader community
• Receive and seek out training about poverty, personal growth, education and sustainable employment to give you different tools to move toward stability
• Meet monthly with your team
• Make progress toward the goals you identify to focus on in order to increase your resources and move you toward self-sufficiency

The Captain receives the following supports:

• 18-20 week Thriving Connections poverty training and Captain Orientation
• Two to four caring allies to join you in your journey to self-sufficiency
• Weekly meetings in which meals and youth programming are provided
• Programming to support your personal growth, education and sustainable employment goals
• Access to information about a variety of community resources
• Staff available to answer questions, provide support, and assist with conflict resolution

Building intentional relationships with people who have different experiences and backgrounds can be difficult. How can I be sensitive to the differences between economic classes?

• Remember that allies may not have any experience with poverty and may make mistakes
• Remember that the allies on your team are your friends, not social workers. Expect them to offer support, understanding, and connections to the middle class, but not to “fix” your situation
• When you have strong feelings about the Thriving Connections initiative or another individual in the community, be willing to talk to someone about those feelings, and work toward resolution.
